World CTL 2009

Program Overview

The international reference event for CTL, World CTL 2009 is the place to hear the most authoritative experts and decision makers present their views on key issues driving the emerging CTL industry.

World CTL 2009 will feature two one-day workshops and four half-day plenary sessions:

25 March 2009: Two parallel workshops based on cases studies

- ◆ **Technology:** gasification, liquids synthesis processes, direct coal liquefaction.
- ◆ **Project structuring:** site and partners selections, planning, financing.

26-27 March 2009: Plenary sessions

- 1. Energy security challenges**
 - Increasing expectations on CTL fuels
 - Stakes for public and business organizations.
- 2. CTL technology**
 - Experience in commercial operations
 - Innovation and prospective
 - Assessment by the Coal and Oil industries.
- 3. Environment**
 - Greenhouse effect: CTL footprint compared to other energy routes
 - Carbon Capture and Storage
 - Water and other environmental challenges.
- 4. Associated services and industries:** finance, industrial suppliers.

Conference Committees

Advisory board

- ◆ **Stephen Brand**, Senior Vice President, Technology, **ConocoPhillips, USA**
- ◆ **Diane Hildebrandt**, Director, Centre of Material and Process Synthesis, **University of the Witwatersrand, South Africa**
- ◆ **Frederick Palmer**, Senior Vice President, Government Relations, **Peabody Energy, USA**
- ◆ **James Rockall**, Managing Director, **World LP Gas Association**, Vice-President, International DME Association
- ◆ **Patrick Sarrazin**, Director, Refining & Petrochemical, **IFP, France**
- ◆ **Prem Sawhney**, Senior Vice President, **Reliance Industries Limited, India**
- ◆ **Zhang Yuzhuo**, Chairman, **Shenhua Coal to Liquid and Chemical, China** Vice-President of the Shenhua Group, China

Organizing committee

- ◆ **Todd Alexander**, Partner, **Chadbourne & Parke, USA**
- ◆ **Philippe Fournier**, Managing Director, **MCI France**
- ◆ **Corey Henry**, Vice President, **National Mining Association, USA**
- ◆ **Serge Perineau**, Managing Director, **Axen, France**, President, World CTL Association
- ◆ **Samuel Tabak**, Licensing Executive, **ExxonMobil Research and Engineering, USA**

World CTL 2009 is organized under the auspices of the foremost multi-energy, coal and petroleum worldwide organisations:
